

# 100

## Celebrating the 100<sup>th</sup> Day of School

If all goes well, our 100th Day of School will be Thursday, February 19. We visit each grade 2 class to do fun number activities on this day. In kindergarten and grade 1, the children were asked to collect 100 items. In grade 2, they are asked to use their 100 items to make something. They could use 100 marshmallows or Popsicle sticks to build something or use 100 items to make a poster. In past years, children have even collected 100 signatures to make an autograph book or a special t-shirt. I want the children to have fun and to use their creative ability. Last week, we looked at pictures of projects made by former students. Each project must be able to fit on the student's desk. Projects are due by Tuesday, February 17.
